

HAVE A
SUNSHINE
DAY™

Our Story

We believe in miracles. They happen every day, all around us. Sunshine is one of those miracles, she is our daughter, the youngest in our family, who came years after her brothers River and Teddy. We were praying for her, but we weren't expecting her. Then she showed up, and with her came more love, more blessings, more smiles. And more coffee :)

As proud residents of Miami Beach, we created Sunshine as a way to share the things we love most, family, creativity, and community, with the people and the city that brings us so much love and happiness. Here everyone is treated like family, greeted with warmth and a smile. No matter who you are or what you have, there's always a seat, a story, and enough shine for everyone.

Sunshine Coffee exists to amplify our appreciation of the incredible life we all have in this great city, bringing our community together and lifting each other up, one cup at a time.
